The available colors are exclusive, with a visible finish..

### INSTALLATION

It is recommended to use a forklift for the correct installation of the Nero bench.

\*For technical clarifications, please contact the Engineering Department.

### PRODUCT INFORMATION

The Nero bench is a prefabricated architectural concrete element by Opticretos with dimensions of L: 13.78", W: 13.78", H: 17.72", and a weight of 282.19lb. Designed for outdoor use, it is resistant to vandalism and heavy-duty usage. Benches are a good choice for public and private spaces such as schools, universities, parks, corporate areas, residential areas, industrial plants, hospitals, etc.

### MANUFACTURING

Our benches are manufactured using special molds. The concrete is processed using automated machinery, ensuring the highest quality in materials. All our products are manufactured in a plant under controlled conditions.

### COMPONENTS

We use materials such as cementitious marble aggregates, anti-fungal additives, alkali-resistant polypropylene fibers, integral waterproofing additives, and hydrophobic sealant.

### ADVANTAGES

Stain-resistant

Durability

Easy installation

Environmentally sustainable

Its maintenance is minimal, and the color does not change or degrade over time since natural materials are used.

### CODES AND REGULATIONS

All our concrete products comply with current regulations. Some of these codes include: ACI 318, PCI (Precast Concrete Institute), IMCYC (Mexican Institute of Cement and Concrete), and the Building Regulations of the Federal District.
