INSTALLATION

It is recommended to use a crane for the correct installation of the Ovum planter.

*For technical clarifications, please contact the Engineering Department.

PRODUCT INFORMATION

The Ovum planter model is a prefabricated architectural concrete element by Opticretos with dimensions of L: 157.48", W: 102.36", H: 35.43", and a weight of 3,968.32lb. Designed for outdoor use, it is resistant to vandalism and heavy-duty usage. Planters are a good choice for public and private spaces such as schools, universities, parks, corporate areas, residential areas, industrial plants, hospitals, etc.

MANUFACTURING

Our planters are manufactured using special molds. The concrete is processed using automated machinery, ensuring the highest quality in materials. All our products are manufactured in a plant under controlled conditions.

COMPONENTS

We use materials such as cementitious marble aggregates, anti-fungal additives, alkali-resistant polypropylene fibers, integral waterproofing additives, and hydrophobic sealant.

ADVANTAGES

Stain-resistant

Durability

Easy installation

Environmentally sustainable

Its maintenance is minimal, and the color does not change or degrade over time since natural materials are used.

CODES AND REGULATIONS

All our concrete products comply with current regulations. Some of these codes include: ACI 318, PCI (Precast Concrete Institute), IMCYC (Mexican Institute of Cement and Concrete), and the Building Regulations of the Federal District.
